

## 36V 48V 72V 96V 100Ah 200Ah 300Ah LiFePO4 Golf Cart Battery With 150A Continuous Discharge

Our Product Introduction

for more products please visit us on [enookbattery.com](http://enookbattery.com)

### Basic Information

- Place of Origin: China
- Brand Name: enook
- Certification: CE ROHS FCC UN38 .3 MSDS
- Model Number: Golf Cart Battery

### Product Specification

- Keywords: Lifepo4 Battery Golf Cart Battery
- Cut-Off Voltage: 40V
- OEM/ODM: Yes
- Feature: BT Monitoring/GPS Display/Heating Optional
- Peak Discharge Current: 300A
- Battery Cells: Grade A Automatic Cells
- Continuous Discharge Current: 150A
- Warranty: 10 Year
- Highlight: 36V 96V LiFePO4 Golf Cart Battery, 200Ah 300Ah LiFePO4 Golf Cart Battery

## Product Description

### Product Description:

Our Lithium Ion Golf Cart Battery product has a peak discharge current of 300A, and is available for OEM/ODM customization to suit your specific needs. We take pride in offering the best quality products that are made to last and perform well.

One of our most popular options is the 72v battery pack, which is perfect for powering golf carts and other electric vehicles. This battery pack is lightweight, with a weight range of approximately 4.0~40.0kg, making it easy to transport and install.

Overall, our Lithium Ion Golf Cart Battery product is a great choice for those who want a high-quality, reliable, and environmentally friendly battery for their golf carts or other electric vehicles. With our commitment to excellence and customer satisfaction, you can trust that our product will exceed your expectations.

### Features:

Product Name: Golf Cart Battery  
Chemistry: Lithium Iron Phosphate  
Warranty: 10 Years  
Continuous Discharge Current: 150A  
Cut-Off Voltage: 40V  
Environmentally Friendly: Yes

Manufacturer	ChangSha Enook Technology Co., Ltd. (golf cart battery)			
Voltage	36V 48V 60V 72V (optional)			
Capacity	72Ah	105Ah	160Ah	200Ah
Continuous Discharge Current	150A	250A	300A	300A
Peak Discharge Current	300A	600A	600A	800A
Certification	CE, UN38.3, MSDS, DGM Report			
Cycle Life	≥80% capacity after 3500 times			
Warranty	5 years			
Charger	Built-in waterproof charger (optional)			
Optional functions	BT, buzzers, heating, Communication Protocol, GPS etc.			
Application	Golf Cart/Cleaning Car/sightseeing car/patrol car/low speed car			

**DESIGNED SPECIFICALLY FOR GOLF CARTS**

*Powering faster and longer for your golf cart!*

**58.4V 22A**

**LiFePO4 Battery Dedicated charger**

### Applications:

The enook Golf Cart Battery is perfect for use in golf carts, as well as other electric vehicles. With its 72v battery pack and a Cut-Off Voltage of 40V, it is powerful enough to operate for extended periods of time without needing to be recharged. In addition to its power and durability, the enook Golf Cart Battery also comes with a range of features to enhance its functionality. For example, it can be equipped with BT Monitoring, GPS Display, and Heating (optional), making it easy to keep track of its performance and maintain optimal operating conditions. The enook Golf Cart Battery is also certified by CE, ROHS, FCC, UN38.3, and MSDS, ensuring that it meets the highest safety and quality standards. Overall, the enook Golf Cart Battery is a versatile and reliable product that can be used in a wide range of applications. Whether you're looking for a battery for your golf cart or other electric vehicle, the enook Golf Cart Battery is an excellent choice. With its powerful performance, long cycle life, and advanced features, this battery is sure to meet your needs and exceed your expectations.

## Support and Services:

Our Lithium Ion Golf Cart Battery product comes with comprehensive technical support and services to ensure optimal performance and lifespan of the battery. Our team of experts is available to assist with any inquiries or issues that may arise during installation, operation, and maintenance of the battery.

We offer regular maintenance services to check the battery's condition and ensure it is functioning at peak efficiency. Additionally, our team can provide guidance on proper charging and storage practices to extend the battery's lifespan and optimize its performance. In the unlikely event of a technical issue, our product is covered by a warranty and our support team is available to troubleshoot and provide solutions to ensure minimal downtime and disruption to your golf cart operations.
